CLAY CITY, KY., THURSDAY MARCH 12, 1914

NO. 11

As the Government Sees It.

The cost of hauling over country roads is largely determined by the size of the load that can be hauled, the number of trips that can be made in a day, and the wear and tear on teams and equipment, according to the Office of Public Roads. Steep grades, as well as ruts and mudholes, serve to decrease the speed and the load. On the principle that a chain is no stronger than its weakest link, the maximum load that a team can draw is the load that it can draw up the steepest hill or through the deepest mudhole on that road.

Wherever possible roads should be located on straight lines between terminal points. In hilly or mountainous country, however, the attempts to keep roads straight between terminals often leads to the serious error of heavy grades. Straightness and grade must, therefore, be handled together. The best location is one which is straight in general direction, is free from steep grades, is located on solid ground, and serves the largest possible number of people. Roads should be located for the benefit of the public, as well as the private landowner.

The elimination of one or two steep hills on a line of road will frequently enable horses to draw three or four times as much as they could draw on the old road. It takes approximately four times as much power to draw loads up 10 per cent. grades (10 feet vertical in 100 feet horizontal) as on a level; but on a 4 per cent. or 5 per cent. grade a horse can usually draw (for a short time) as much as he can draw on a level. A 4 per cent. grade is, therefore, considered the maximum on roads subject to heavy hauling. Many steep grades may be avoided by locating the road around or over the hill—the handle of the bucket is no longer when held in a horizontal position than in a vertical. By going around we avoid two steep hills.

If the road must pass up a steep hill or mountain sides, the steepness of the grade may be decreased by increasing the length of the road. In other words, eliminate steep grades by locating the road on curved or zigzag lines, and not in a straight line from the bottom to the top of the hill. These curves should be carefully plotted and the straight stretches located with an instrument. This improves the looks of the road and does not add materially to its cost.

In studying the relation of grade to distance the following calculation is interesting: To lift a ton 1 foot high requires 2,000 foot-pounds of energy; on a road the surface of which offers 100 pounds of tractive resistance, per ton the same energy would roll the ton a horizontal distance of 20 feet.

Roads should never be located so close to stream beds as to be subject to overflow, or on ground which is constantly damp and marshy.

The earth road should have at least six hours of sunshine each

Stanley Vs. Beckham.

The Hon. Owsley Stanley continues in his occasional speech-making, which is identical with vote making, in different parts of the State. Governor Beckham will open his campaign March 16—next Monday. The Times would not detract one laurel from the Governor's store of fame, but we do not consider him the equal of Mr. Stanley when it comes to championing the cause of the people against the trusts, the arbitrary and defactory railroads, which, together, are trying to own the Government as well as Kentucky. We are proud to see them getting some serious setbacks both in the State and Nation.

But what has Governor Beckham done to produce these setbacks? Owsley Stanley has proved what he is for by doing things with the steel trust, and tells you where he stands with the railroads, while Governor Beckham must blushing admit, that, as an attorney for the L. & N. railroad since he vacated the Governor's chair the railroad company has commandeered his influence and talent to thwart the will of the people and the best interests of the State if such happened to displease the managers of his road.

James Goebel said the corporations, including the L. & N. railroad, conspired in the killing of his brother Governor Goebel. Goebel was Beckham's running mate, and Beckham as Lieut. Governor succeeded Governor Goebel after his death, and this connection led later to his election and re-election as Governor of the State. These conditions, coupled with the fact that as soon as Governor Beckham was defeated for the U. S. Senate, he entered into the employ of the accused railroad company, do not look good to us, and we are anxious to see how the Governor is going to explain away the mist.

It is not fair to censure an attorney for representing a railroad as a lawyer, but the extreme circumstances preceding Governor Beckham's employment by the railroad company makes it very unbecoming in this case.

This can be secured either by locating the road with southern or western exposure, or by having such brush and trees as impede the drying action of the sun and wind removed. With gravel and stone roads this is not so necessary, as a certain amount of moisture is needed on such roads, especially in the summer time.

Relocating roads is not an engineering problem alone. One must also consider the effect of the road on those who now live upon it. Many farmers dislike to have the road placed back of their house or out of sight of it. It requires tact and good judgment to secure a suitable location without arousing harsh antagonism.

I now have my dressmaking shop open next door to Central Hotel. Call and give me a trial. Satisfaction guaranteed, both in fitting and the price. Miss Nora Mays.

Strange Things Will Happen.

Strange things will happen in this old world of ours, and even so at Frankfort. Several days ago Representative Walton, of Lexington, waxed warm in his support of the Finn railroad bill, and towered in eloquence in speech making for the bill, in which some serious charges were made against a member of the Railroad Commission (but is was not our honored member) for conspiring with the railroads to defeat the bill, a part of which remarks the Times reproduced and favorably commented upon. Yet this same Representative Walton Monday voted against the 2-cent bill.

Verily, Kentucky, while a land of milk and honey, every two years has a Legislature full of surprises, and deceptions.

Mr. Walton, however, voted for the 2½ cent bill which passed. And, by the way, it occurs to us that this is the rate fixed last week by the L. & N. railroad of its own accord.

The Bank Statement.

The statement of the condition of the Clay City National Bank which appears in this issue of the Times is a showing worthy to be proud of. The deposits are past the one hundred thousand mark while the loans are greater than usual. The reserve is held up at the same time insuring every safety to depositors the national banking laws require. There is not a bank anywhere in the State that makes a better showing one time with another than does the Clay City National. It is also a great money maker for the stockholders.

Kentuckians in Texas.

Mr. A. C. Barnes who returned from Miami, Texas last week, reports that part of the Lone Star State as being very healthful. He says Judge Fletcher has built up wonderfully in flesh as has all other lean Kentuckians locating there. Mr. Barnes, however, thinks that when it comes to making a living, Kentucky cannot be excelled and he himself will continue to remain a citizen of the good Commonwealth of Kentucky.

Back to Clay City.

H. D. Curry, who moved to Nicholas county some ten or twelve years ago, has moved back into one of his houses in Clay City. Mr. Curry is a citizen of whom we may justly feel proud, he being so loyal to his native town and county. Every year since he has lived in Nicholas county, he has not failed to come back to Clay City to vote, and to all who know him, it is needless to say, in every instance, he has voted the straight Democratic ticket.

2½-Cent Bill Passes House.

The lower branch of the Legislature Monday passed the 2½ cent car fare bill after defeating the 2-cent bill. The L. & N. did not make a fight on the 2½ cent bill as this road had already reduced its rate to this amount, having been virtually forced to do so by other state laws.

STANTON NEWS.

Mr. Jesse Crowe made a business trip to Winchester recently.

Mrs. Tom Hall and daughter, of Rossyln, were visitors to our town last week.

Mr. and Mrs. John Williams visited in Lexington last week returning home Sunday.

Misses Lillie and Mande Boone are visiting their sister on Hardwick's creek this week.

Mrs. Frank Atchison, of Lexington, has been visiting with Mrs. Effie Smith this week.

Mr. John Hardwick, of Winchester, is in town this week looking after his business interests.

Mr. Hugh Johnson, of Hatcher's Creek, has moved to Mrs. Van Martin's place for the coming year.

Rev. J. T. Adams and wife, of Hatcher's Creek, have returned from a visit to friends and relatives in the Bluegrass.

Rev. J. C. Hanley was in Lexington last week and called upon Prof. Buck who is in the hospital and found him doing quite well.

Miss Mary Easton, of West Bend, visited her many friends in our town last week and then went to Fincastle to the home of her uncle.

Mr. S. J. Miller and family, of Morristown, Indiana, were visiting at the home of Burnam Skidmore last week. Mrs. Miller is a sister of Mrs. Skidmore.

Mrs. Fred Blackburn visited the home folks in Clark county while her husband attended a meeting of the Agriculture Board at Frankfort a few days ago.

Mr. George Sewell, of Ford, visited his sister, Mrs. James Patrick, this past week. George Patrick, of Jackson, also visited with his brother, Mr. Patrick.

Mr. Tom Comlee left Monday for Walnut Hills to visit with his son, Irvie, and to look over the land in that section of Fayette county.

Mr. Ide Boone was called to Scholtsville Sunday where his uncle, Mr. Isaiah Scholl had died. The funeral was held on Sunday.

Mrs. Mollie Law, of Puncheco Camp, where she is matron of Highland College in Breathitt county, is visiting her relative here this week.

Mrs. Frank Yocum, of Hatcher's creek, is visiting for a month among her many friends and kin folks in Wolfe county, in the Calhoun section of the county.

Mr. D. R. Clark returned Tuesday from a several days visit to his daughter, Mrs. Irvie Comlee, of Walnut Hills. He reports her as some better though not well yet.

There was a home coming of the children at the home of Mr. and Mrs. Dan Milton this past week. Those returning were Mr. and Mrs. Charley Johnica, Misses Myrtle and Pearl Milton, all of Winchester. Pearl will remain at home for awhile.

Mr. George Anderson, of Morris Creek, was bitten in the thumb by a dog last week. With Mr. Luther Stephens they went to Richmond to find the mad stone that has been there but it had been taken to Bowling Green and so they returned home. It is not thought the dog was mad and the bite is not a serious one.

Mr. J. B. Treadway, of Bentlyville Junction, and a splendid young man, knew where to come to find a helpmeet for his life's work. Going to the home of Mr. Jim Williams he selected one of his charming girls, Miss Pearl, and they were married at the home of the writer on Friday.

Mr. Treadway met his bride while foreman of the concrete worker at the bridge near her home.

Mrs. Sis Hall visited her aged mother in Clay City last Sunday. Her mother is 86 years of age and is believed to be the oldest woman in the county. If there are any older we would be glad to know it.

Mr. Romulus Jackson who has been very sick for several days is recovering and will soon be out again. He is able to sit up and get to the table. It looks rather bad but Uncle Romulus was taken sick almost immediately after partaking of the sumptuous dinner which Mrs. Phillips gave and the men's banquet that night. The dinner at Mrs. Phillips was so good that Uncle Romulus thought he was a little boy again and what he ate was simply marvelous.

Mr. and Mrs. W. H. Norton entertained delightfully Saturday evening at their home with a birthday party in honor of their daughter, Margaret. Miss Mayme Derickson was the reigning belle of the evening. Ice cream and cake was served and games were enjoyed by all. The young hostess is quite charming and popular and the party gave a great deal of pleasure to about twenty-five of her friends. The guests were: Misses Myrtle Williams, Lenora Johnson, Mayme Derickson, Della Norton, Sarah Hardwick, Ethel Martin, Regent Snowden, Minnie Conlee, Labe Knox and Nora Martin. Messrs. Marion Atkinson, Clay Conlee, Richard Crowe, Earl Williams, Gother, Troy and Louis Martin, Bert Crowe, Claude Williams, Charley Stephens, Elmer Grabelle and George Derickson.

Mr. D. W. Stone, a Sunday school worker of the Big Sandy Valley, will be in Stanton on Saturday, and on Saturday night will hold an institute at the Christian church on Sunday school work. He will continue this the following morning at the Presbyterian church and will occupy Rev. J. C. Hanley's hour of service and at night will hold again at the Christian church. Mr. Stone gives his whole time to this work and it is desired of every person in Stanton that they attend these meetings. The aim is to build up the Sunday school work for both churches in Stanton. Prof. Hanley has kindly consented to let Mr. Stone have his day as Mr. Stone had already planned this trip before he knew the arrangements of our Sunday services.

Children and grandchildren, friends and neighbors, to the number of a score, gathered at the home of Mr. John W. Williams, on Wednesday, the 11th, to help our honored, venerable citizen celebrate the 77th anniversary of his birth. After expressions of congratulations, the company enjoyed themselves in social converse until dinner was announced, when they sat down to a most delicious and bountiful feast of good things such as Mrs. Williams knows so well how to plan and prepare. Seventy-seven years are more than the Scriptural allotment of the age of man, yet Mr. Williams carries their weight gracefully, and looks good for many more years of activity, and we sincerely hope he may be spared to celebrate several other birth anniversaries. Among those present were: Mr. Henry Williams, Mrs. Mattie Baird and daughter, Georgia, of Gordonton; Dr. and Mrs. Lyons, of Winchester; Mrs. Rayburn, of L. & E. Junction; Mr. James Ewen, Rev. and Mrs. J. C. Hanley, Mr. and Mrs. J. M. Welch, Miss Helen Welch, of Stanton.

Our Representative, Cash Gum, voted against the 2-cent railroad rate bill in the Legislature Monday. If John Tuttle had been there he would have voted for it. He was pledged to do so, and would have kept his promise. Mr. Gum refused to promise to vote for the 2-cent bill. We warned our readers, and told them of the difference in the two men, but Republicans would be Republicans and elected a man who refuses to vote for our interests when he can do so, especially when it is a question between the railroads and the people.

Remember, when you go to travel that you must pay 20% more for your ticket than you would have had to pay had you elected John Tuttle to the Legislature instead of Mr. Gum, and had five other districts elected men to the Legislature who would represent the people instead of the railroads. In going from here to Winchester and back it will cost you 20 cents more for the cause of Mr. Gum and four others misrepresenting us at Frankfort; and when we go to Lexington and back we must pay 40 cents tribute to the railroads where it would have been unnecessary to do so had we had the proper representation at Frankfort.

We told you so, we knew it. It is time people vote for their own interests first. The Times will never advise voting for a man that we doubt, even though he be a Democrat. Good men we want in office, and good men only will we support.

Representative July, of Mont-

gomery county also voted against the 2-cent fare, and led the fight against the people's bill. To the credit of Speaker Terrell, he vacated the chair and led the fight for the 2-cent fare. Representative Wills, of Clark county, voted for the bill, as he usually does for all good legislation, if he did miss it last week when he voted against State aid for our roads.

The location of so many mountain people there is telling again in the wealth of the Bluegrass counties. Clark seems to be in the lead as the increase of wealth in the county over last year is

\$520,370. If the scores of our best people who have located in the Bluegrass, had have been contented to remain in their native county, and have done for this county what they have done for their adopted counties, Powell would be in the lead of other progressive counties instead of being led by other counties that they have helped to build up.

The Democrats have now been in power one full year and none of the calamities predicted by the Republicans have yet come true. They have proven themselves to be as poor prophets as legislators for the masses of the people.

LOCAL BREVITIES.

Andy Ledford, of Crab Orchard, is here on business.

Try our canned goods—\$1.00 per dozen assorted, Mrs. J. W. Williams.

F. G. Conlee and wife, of Hazard, visited relatives for several days last week.

The Rev. Chas. G. Mann has returned from two weeks' visit with his wife at College Corners, Ohio.

Frank B. Russell, of Louisville, and James B. Hall, of Lexington, and officials of the Clay City National Bank, were in the city yesterday.

There will be an oyster supper at the Methodist church Friday night. Let every body go out and help the good ladies in their aid for the church.

We are selling the new Royal Sewing Machine, prices from \$20.00 up. 10 year guaranty.

Mrs. J. W. Williams.

There has been a number of very sore arms in Clay City recently owing to the general practice of vaccination to prevent the spread of small pox. It has had its effect, and there is not a new case in the city or county, and all patients are now well, leaving the county free from the disease.

Best Family Laxative.

Beware of constipation. Use Dr. King's New Life Pills and keep well. Mrs. Charles E. Smith, of West Franklin, Me., calls them. "Our family laxative." Nothing better for adults or aged. Get them to day 25c. All Druggists or by mail. H. E. Bucklen & Co., Philadelphia and St. Louis.

Mr. F. P. Newell, who recently sold his property here, and who was burned out last week, will locate at Winchester and continue to hold down a responsible position with the new L. & N. railroad from Winchester to Irvine.

Circuit court will convene at Stanton Monday. The docket will be very light as usual, at least so far as the county's own business is concerned, but occasionally there is a case or two transferred from some other county to our court for disposal.

The second quarterly meeting of this circuit will be held at the Methodist church on next Saturday night and Sunday. Everybody invited to attend. Preaching by Dr. John R. Deering.

Since Illinois established mother's pensions wife desertion has largely increased, which shows that a woman often would rather have a pension than her husband.

Spring Blood and System Cleanser.

During the winter months impurities accumulate, your blood becomes impure and thick, your kidneys, liver and bowels fail to work, causing so-called "Spring Fever." You feel tired, weak and lazy. Stubborn, Annoying Cough Cured.

"My husband had a cough for fifteen years and my son for eight years. Dr. King's New Discovery completely cured them, for which I am most thankful," writes Mrs. David Moor, of Saginaw, Alabama. What Dr. King's New Discovery did for these men, it will do for you. Dr. King's New Discovery should be in every home. Stops cackling coughs, relieves la grippe and all throats and lung ailments. Money back if it fails. All druggists. Price 50c. and \$1.00. H. E. Bucklen & Co., Philadelphia or St. Louis.

The End in Sight.

Ground hog winter will end next Monday, the 16th. He has so far made good his prophecy for six weeks' winter. Spring is scheduled to begin six days later, and we heard a blue bird singing the other day. We are thus reminded that the gentleness of Spring will soon be here when the grass will begin to grow, the flowers will bloom, and the beautiful birds will continue to sing in the trees. After all isn't this a sweet world in which to live, if we could only appreciate it as we should?

Charley Brisco was down with a bad spell of grip several days last week.

Jas. Knox, of Filson, was among us last week doing some general trading with our people.

Oscar Mabe, of the Dana works, was hurt by a log Monday but not seriously. He laid off a day.

Misses Haley, Lizzie and Thelma Brewer were visiting friends and relatives here a few days last week.

Willis Faulkner, late from Virginia, was visiting his brother-in-law, Aus Noland, Saturday and Sunday.

Ben Chandler, of the Dana works, cut his leg one day last week, making an ugly wound. It laid him off and he went back home.

March came in like a lion; wherefore, according to the old saying, we may confidently look for the lamb-like weather when the month winds up.

Bro. John Sons went to Barker on the South Fork Sunday, where he and Bro. Mullins were to fill their regular appointment

to preach for these people.

Grandma Martin, widow of the late Massingil Martin, has been visiting her grandson, Wm. Martin. She had quite a sick spell one night last week, but has recovered.

Win. Martin went to Cob Hill in Estill county the other Sunday to visit his father-in-law, Wm. Galispie, who is quite sick with something like dropsy and rheumatism.

Mr. Brown, our bachelor manager, made what he called a business trip to Mariba, Sunday. Some of the boys are just a little skeptical as to the business part of that ten mile ride.

Aus Noland has a contract to cut all the remaining timber on the Landsaw job. He and Sam Quinlan are busy laying the trees and getting the logs ready for the hauling from the woods.

Crit Crabtree, of Clay City, located here for the winter, went to the mouth of Blackwater in Morgan county, some thirty miles away, after a girl to help at the boarding house, but came back without her. And now the boys are telling Crit that he is no chip off the old block.

Mr. F. S. Brown, the General Manager here, says that work will soon be done on the south or Powell side of the river and that everybody and everything will move in full force to the north or Menetee side when the cleaning up is done here. Over there is a big boundary of grand old oaks and royal poplars waiting in trembling readiness the coming of the axe and the saw—or words to that effect.

Don't fail to see our faces and embroideries. Mrs. J. W. Williams.

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

It Always Helps
says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.
I wish every suffering woman would give

CARDUI
The Woman's Tonic
a trial. I still use Cardui when I feel a little bad, and it always does me good."
Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.
